

Wiremold
3-Hour Fire Classified 6" Recessed Prewired A/V Surface Style Poke-Thru Assembly
Part No. 6ATC2PAVBK3H

Designed for retrofit and new construction, Evolution Series 6" Recessed Poke-Thru devices provide convenient access to power, communications, and audio/video services recessed below floor level - providing maximum device protection. With 3 Gangs of capacity, you will be able to configure services for the needs of your space. The low-profile metal covers are available in brushed aluminum, satin brass, satin nickel, and multiple powder-coated finishes designed to match any space. Evolution Series 6" Poke-Thru devices are the perfect fit for kiosks, meeting rooms, training rooms, classrooms, healthcare facilities or commercial buildings with open-space architecture. For carpet, tile, wood and laminate concrete floor coverings.

Features & Benefits

| | |
|---|--|
| Prewired Assembly: Save on labor with a completely assembled, prewired poke-thru with every power receptacle already installed. | Recessed Devices: All power, communications and A/V devices are recessed below floor level, providing maximum protection and device longevity. |
| Step-on-it Installation: Quick and easy installation without the need for additional fasteners or a second installer. | Unique Cover Design: The cover opens a full 180 degrees with two unique spring-loaded slide egress doors to keep wires, connections and people safe. |
| Multiple finishes: Evolution Series Poke-Thru Devices are available in multiple finishes: (BK) black, (GY) gray, (BZ) bronze, (AA) brushed aluminum, (SB) satin brass and (SN) satin nickel to seamlessly match your environment. | Ideal for High Foot Traffic Environments: Satin brass, satin nickel and brushed aluminum finishes offer a more durable, high-end look with a tougher clear powder coat. |
| Surface Style Cover Assemblies: A surface style cover is for mounting on top of the finished floor surface. The surface cover is designed to be used for carpet, tile, wood, polished concrete, or terrazzo. | A/V Ready: Plates included to accept industry standard communications and A/V devices from most manufacturers including Legrand AVIP, Extron® and more. |
| Plug Load Control Up To 30 Feet: Tested with Pass & Seymour® Wireless RF receptacles to control plug loads up to a distance of 30 feet when the cover is closed. | 3 hour fire rating: Evolution Series Poke-Thru Devices use an intumescent material that maintains the fire rating of any floor for up to 3 hours, the longest of its type. |
