

Legrand
radiant® Tamper-Resistant Outlet
Part No. 885TR

Take a step up from the standard. This tamper-resistant duplex outlet installs easily for the basic power every home needs, while elevating your space with the sleek, clean lines of radiant® for a sophisticated look. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Replaces any standard outlet with ease.

Protects children: patented shutter system helps prevent improper insertion of foreign objects: now with black "invisible shutters" for an invisible effect preferred by end users.

Superior protection than traditional outlet caps or protection plates.

Side-access push wire release: side wire terminal screws #12 : #14 AWG solid wire: push wire terminals accept #14 AWG solid cooper wire only.

Extra-large circuit break-off tabs.

For covering patents, see www.legrand.us/patents.

Meets NEC: Tamper-Resistant requirements.

High-impact resistant thermoplastic construction and long-term blade retention for extended service life.

Low-profile face: ultrasonic welding of face to back body for greater reliability.

Longer tri-drive screws and quick loop wiring aid for easier #12 AWG looping.

Captivated mounting screws offer hassle-free installation.
