

The Corded Range Extender can be used to create a standalone Zigbee environment for shade control. This is ideal for small installations where third party integration or mobile app control is not desired.

Features & Benefits

Works standalone to create a Zigbee network.

Recommended only for small applications with few shades.

Extends range for Zigbee environments by 30' -50', depending on environment.

Compatible with RZ2 range extenders

Specifications

General Info

Product Line	Shading Systems	Application Sector	Residential
Standard	RoHS Compliant, FCC, IC, CE, RCM		

Listing Agencies / 3rd Party Agencies

CE Certified	Yes	FCC Compliant	Yes
