

adorne Collection  
adorne® 0-10V Touch™ Dimmer  
Part No. ADTH4FBL3PW4

Perfect anywhere you'd like to turn lights on and off with the simplest touch, while also enjoying the ability to dim. Featuring a translucent glass-like face for a modern feel, control your light by simply pressing a finger to the center circle to turn lights on/off, or use the arrows on the side to dim. Use the device on its own to control a light or fixture from a single location, or pair with a 3-way switch to control a single light source from two locations. Pair with the matching Touch Switch for a consistent control-style throughout a room, or your entire house. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

## Features & Benefits

Installs in 15 minutes or less, fitting into an existing electrical box. No new wiring required for typical installation.

For use with 0-10V bulbs, and features intuitive touch control for turning on/off, and adjusting light levels.

More color options available to fit any style, including finishes to match current hardware and lighting trends.

Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.
