

adorne Collection
adorne® Touch™ Tru-Universal Dimmer, Magnesium
Part No. ADTH703TUM4

Touch-style dimmers from the adorne Collection feature a translucent, glass-like face and operates with the simple touch of a finger on the center circle to turn lights on/off, or using the arrows on the side to dim. In multi-gang installations, we recommend pairing Touch switches and dimmers for consistency of control and aesthetic. A Tru-Universal Dimmer, this device works with virtually any 120V dimmable bulb or fixture. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

Features & Benefits

Installs in 15 minutes or less.

Self-calibrates when you select your fixture's lighting type, automatically setting the appropriate minimum voltage to eliminate flicker and poor performance.

Offers installation flexibility, working in both single-pole and 3-way applications.

Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.

Works with virtually any 120V dimmable bulb or fixture.

Constant memory features returns lights to their previous level when turning back on or after a power outage.

More color options available to fit any style, including finishes to match current hardware and lighting trends.
