

This adorne Whisper Dimmer features an innovative design that lets you use a whisper-soft motion to dim and brighten lights, or simply toggle them on and off. Use the device on its own to control a light or fixture from a single location, or pair with a 3-way switch to control a single light source from two locations. This version of the Whisper Dimmer Switch is meant for single fixtures and small lighting groups whose total wattage does not exceed 700W. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

Features & Benefits

Installs in 15 minutes or less, fitting into an existing electrical box. No new wiring required for typical installation.

For use with incandescent/halogen bulbs. Lets you control lights with a whisper-light touch.

More color options available to fit any style, including finishes to match current hardware and lighting trends.

Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.
