

Protecting against both electrical fires caused by arc faults and injury due to electrical shock, this outlet meets National Electrical Code for use in kitchens and laundry areas. Unlike AFCI/GFCI breaker alternatives, this dual-function device makes it easy to recognize and fix trips right where they happen. Maximize safety, in style, with AFCI/GFCI protection featuring the sleek, clean lines of radiant. 20A outlets are ideal for use with larger appliances, as well as to meet regional requirements (Chicago, Canada). GFCI protection is required by code in bathrooms, kitchens, garages, outdoor areas, and for any other outlets found within six feet of a sing or water source. Dual-Function outlets meet code for GFCI requirements and offer additional protection against arc faults, also required in certain areas for home sale inspection. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Separate indicator lights on the Dual-Function AFCI/GFCI Receptacles for AFCI and GFCI make it easy to distinguish between a trip caused by an arc fault and a ground fault	Hospital Grade AFCI/GFCI specially designed and tested for rigorous healthcare applications
Separate indicator lights on the Dual-Function AFCI/GFCI Receptacles for AFCI and GFCI make it easy to distinguish between a trip caused by an arc fault and a ground fault	Two back-wire holes per termination add wiring flexibility, eliminate pigtail and save box space
High-impact-resistant, thermoplastic construction for superior strength and durability	Ground terminal back-wire for fast installation
Two indicator lights, one for GFCI and one for AFCI. Easy to distinguish between trip caused by arc fault and trip caused by ground fault. GFCI indicator light flashes if device fails the self-test, signaling that the AFCI/ GFCI receptacle should be replaced	Auto-ground clip assures a positive ground to metal box

Specifications

General Info

Product Line	Pass & Seymour	Color	Ivory
Finish	Matte	UPC Number	785007271164
Country Of Origin	China	Number of Receptacles	2
Outlet Type	AFCI, GFCI, Indoor, Residential, Tamper-Resistant	Type	AFCI, Duplex, GFCI, Tamper-Resistant

Additional Information

RoHS Compliant	Yes
----------------	-----

Technical Information

Is Tamper-Resistant	Yes	Number of Gangs	1
Amperage	20 A	Is Weather Resistant	No

Indoor/Outdoor	Indoor	Mounting Type	Box
Voltage	125 V
