

Wattstopper
Automatic Control Switch, 120/277V, White
Part No. AS-100-W

The IntelliSwitch® AS-100 Automatic Control Switch operates as both a manual and automatic control device. Manually, it allows users to control loads on/off. Automatically, it receives signals to turn lighting on or off from lighting control panels or other lighting control systems.

Features & Benefits

- Automatic or manual switching options
- Simple retrofit installation and operation; no neutral needed
- Shutoff warning with optional audible beep during grace period
- Pushbutton overrides the shutoff event
- Multiway operation for 3- and 4-way switching
- Terminal style back-wiring
