

adorne Collection
adorne® Wave® Switch, Graphite
Part No. ASWW1532G2

Perfect for turning the lights on or off when your hands are full or messy, especially in entryways or next to the kitchen sink. The Wave Switch features innovative hands-free technology that allows you to control lights with a wave of your hand, for a germ-and-worry free option that also adds contemporary style to any space. Use on its own to control a light or fixture from a single location, or pair with a second switch or dimmer to control a single light source from two locations. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

Features & Benefits

Installs in 15 minutes or less, fitting into an existing electrical box. No new wiring required for typical installation.

Features innovative touchless control for a convenient, germ-free way to turn on lights...all it takes is a simple wave.

More color options available to fit any style, including finishes to match current hardware and lighting trends.

Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.
