

## Wattstopper Power Pack, 120-347V, 50/60Hz, 24VDC, 225mA, w/Auto-On/Manual-On Part No. BZ-250-347

The BZ-250 power pack switches lighting or plug loads On and Off in response to low voltage control inputs, and provides up to 225mA at 24VDC to power Wattstopper occupancy sensors. It enables Manual-On sequences of operation, as well as HoldOn, Hold-Off and load shed applications when used with lighting control panels or building automation systems. This device is constructed with environmentally friendly materials and is RoHS-compliant.

### Features & Benefits

High-efficiency, plenum-rated switching power supply

Hold-On and Hold-Off inputs

Mechanically held latching relay with selectable power loss operation: On, Off, or last state

Load On/Off button to verify wiring

Auto-On or Manual-On operation for code compliance

Zero crossing and for reliability and increased product life

Low voltage over current protection

### Specifications

#### General Info

Product Line

Wattstopper

UPC Number

754182938056

Country Of Origin

China
