

Contain-IT FLEX was designed to maximize efficiency while creating a predictable operating environment, ensuring maximum reliability of the equipment. The solution prevents bypass airflow and recirculation through enclosing either the hot or cold aisle of a data center. The multiwall panel fits into the open channels on the Contain-IT FLEX beams, enabling horizontal or vertical containment of an aisle.

## Features & Benefits

Tool-less Installation    Can be installed into Containment Beams and secured using snap-in retention clips

## Specifications

### General Info

Color	Clear	UPC Number	662875956006
Country Of Origin	United States	Product Line	Legrand
Application Sector	Commercial	Type	Aisle Containment

### Additional Information

RoHS Conformant    Yes
