

On-Q
Trio Combo Module with Cat6 Data
Part No. CO1166

The Trio Combo Module with Cat6 Data is designed to distribute video (Coax), voice (Telephone), and data (Ethernet) services from a single, compact structured wiring module. This module ensures high-speed and reliable performance throughout your home. It includes an MDU Mounting Bracket (AC1042), an 8-way passive digital HDTV cable splitter (VM0208), a 6-way Phone Module (TM0106), and a 6-way Cat 6 Data Board (AC0606) for comprehensive connectivity.

Features & Benefits

- 8 way passive digital HDTV cable splitter, Digital Cable System approved
- Video Splitter is rated to 2 GHz and supports up to 8 locations
- Data Board supports punchdown termination of up to 6 Cat6 data lines for easy interface with the home network
- UL Listed
- Compact design maximizes space and service distribution options within the enclosure
- Phone Module supports punchdown termination of up to 6 locations and includes RJ31x line seizure port
- Strategically placed cable tie locations keeps wiring terminations tidy

Specifications
