

On-Q In Wall TV Power Kit with Surge Protective Outlet White Part No. CPS306WW1

Easily hide power and AV cables inside the wall without modifying electrical wiring. This pre-wired kit includes everything needed to extend power for a wall mounted TV while providing the ultimate flexibility with the innovative decorator based power inlet strap and the recessed box with Surge Protective receptacle. Kit includes a Heavy Duty Tamper Resistant Surge Protective outlet with LED indicator and audible alarm to guard sensitive devices against power spikes and surges.

Features & Benefits

In-wall design hides all cabling, including power, HDMI, coax, and Cat 5e behind the wall

Hook up a digital TV adapter, cable box, sound bar, or streaming media devices such as Apple TV™ or Roku™

Unique brush strap cable catcher prevents cables from falling behind the wall

Compatible with all TV power plugs, even right angle cords and wall warts

Surge Protective Outlet guards your sensitive devices against power spikes and surges

Unique decorator based power inlet strap provides flexible project support for ganging other AV connections and cables
