

Pass and Seymour  
Commercial Occupancy Sensor, White  
Part No. CS1200

PIR CeilingSensor,24VDC Input, Coverage 360degree,1200 Sq.Ft.

## Features & Benefits

ASIC technology reduces components and enhances reliability.

Detection signature analysis eliminates false triggers and proves immunity to RFI and EMI.

User-adjustable time delay from 15 seconds to 30 minutes by two minute increments.

Dual-element, temperature compensated pyro-electric sensor.

Units per power pack: up to 13.

5-year warranty.

Pulse count processing eliminates false offs without reducing sensitivity.

Low-profile design ensures a clean and uncluttered ceiling appearance.

Sensitivity is programmed through a DIP switch and has four settings from minimum to maximum.

Mounting options: ceiling tile or 3.0 inch round mudring.

cULus listed.
