

The Entrance End Fitting is to be used specifically with the 2400 or 4000 Series Raceway transitions and Connectrac Flex Raceway. The fitting provides a prewired conduit that is to be terminated within the raceway and a snap-in connector that fits the Connectrac Flex Raceway system.

Features & Benefits

Short Conduit Feed: Features a small 3" Flex conduit to allow for easier termination within 2400D or 4000 Series Raceways.

Snap-In Connector Design: Allows for easy installation of Flex Raceway with the snap-in connector design, no additional terminations needed outside of the 2400D or 4000 Series Raceway.

Specifications
