

Wiremold  
**IVORY 2 GANG DEVICE PLATE**  
Part No. CV6007C-2

6000® Series Raceway can be used divided for separate wiring circuits or multi-service applications. For large cabling installations, 6000 can be used undivided as headers and feeders or to bring wiring to a specified location. 6000 Series Raceway is ideal for all applications requiring a high cable capacity, dual service steel raceway. Commercial, institutional, and industrial applications all benefit from the 6000 Series rigid steel construction and durable Ivory ScuffCoat™ finish. 6000 Series Raceway is also ideal for municipalities that require either all steel construction or prohibit nonmetallic cable management systems.

## Features & Benefits

For installation of two-gang devices or two vertically mounted single-gang devices on undivided raceway.

Use with industry standard double-gang faceplates for electrical and communication devices.

Can also be used with 4000B Series. Certified to Canadian Safety Standards for sale in Canada. When ordering these products, change the "V" color prefix to "CV" or the "G" color prefix to "CG" to denote the Canadian versions.

## Specifications

### General Info

Product Line	Wiremold	UPC Number	786776049046
Country Of Origin	United States		

### Dimensions

Product Weight US	0.05 lb
