

Ortronics

Intel® E10GSFPSR Compatible 10GBase-SR MMF SFP+ Transceiver Module

Part No. E10GSFPSR-LEG

Features & Benefits

Transceiver type SR allows for connections up to 300m

850nm wavelength signaling

Supports Digital Optical Monitoring (DOM)

High speed 10-Gigabit connectivity

LC ports designed for use with Multimode fiber

Specifications

General Info

Color	Silver	UPC Number	757120601821
-------	--------	------------	--------------

Country Of Origin	United States	Product Line	Legrand
-------------------	---------------	--------------	---------

Application Sector	Commercial/Industrial
--------------------	-----------------------

Additional Information

RoHS Conformant	Yes	Product Has Potential to Contribute to LEED	Yes
-----------------	-----	---	-----
