

Vantage
EasyTouch Glass Keypad
Part No. EasyTouch-Glass

EasyTouch Glass is a modular keypad station with glass-like contemporary aesthetics and functionality that complements every home's design. Available in one through five-button configurations, the EasyTouch Glass modular button, faceplate, and trim design provides flexibility to mix or match of 5 colors. EasyTouch Glass also has two font sizes, multiple font styles, and LED backlighting in any color.

Features & Benefits

Featuring module buttons, available in one- to five-button options	Easily see which scenes are active based on backlit color or intensity
Mix or match finishes for trims, buttons, and faceplates	Oversized laser engraved buttons are available with LED backlighting in any color
EasyTouch Glass Keypads are designed and programmed through Design Center software (3.9.3 or higher)	

Specifications
