Wattstopper
EM-Light Sensor
Part No. EM-LIGHTSENSOR

The Vantage EM-Light Sensor enhances the abilities of a Vantage System by using detected light levels to trigger tasks. Inconspicuously mounted in either the ceiling or wall, the directional detection compact lens senses ambient light levels and triggers lights, draperies and shades, security cameras or other devices connected to the Vantage System

Features & Benefits

- Ambient light level detection
- Directional detection lens
- Mounts without screws
- Available for either ceiling or wall mount
- Paintable trim
