

On-Q
Discontinued - 20-in Plastic Enclosure with Hinged Door
Part No. ENP2050

Constructed with a robust, wireless transparent ABS plastic material, this lightweight enclosure is designed to integrate wireless devices into traditional structured wiring installations.

The enclosure mounts easily for both surface and recessed

Features & Benefits

Made with ABS plastic, the enclosure is designed to integrate wireless devices without interference

Universal mounting grid maximizes compatibility with 3rd party products without additional brackets.

Staggered mounting tabs allow multiple enclosures to mount in adjacent stud bays.

Lockable with provided screws

Hinged door covers drywall hole for clean finish

Cover adds 1.2" of depth for cable headroom and 3rd party device compatibility.

Extra venting along the vertical plane of the door allows for superior heat dissipation.

Cover is reversible with metal hinge that can attach to left or right side of enclosure.

Tapered design allows enclosures and covers to stack for efficient transportation and warehousing

UL listed.
