

On-Q
20-in Plastic Enclosure, no cover, 5-Pack
Part No. ENP20805NA

Constructed with a robust, wireless transparent ABS plastic material, this lightweight, low-profile enclosure is designed to integrate wireless devices into traditional structured wiring installations. The enclosure mounts easily for both surface and recessed applications.,, The hinged door and trim ring ENP2060-NA (ENP2060-5NA Bulk Pack) purchased separately to complete installation during trim-out phase.

Features & Benefits

- Conceals drywall cutout imperfections for clean plastic enclosure installations
- Universal mounting grid maximizes compatibility with 3rd party products without additional brackets.
- Installs into a single stud bay and staggered mounting tabs allow multiple enclosures to mount in adjacent stud bays.
- Tapered design allows enclosures to stack for efficient transportation and warehousing.
- Top surface includes five 2" knockouts: rubber grommets available for purchase [AC1034].
- Bottom surface includes two AC receptacle box knockouts and two 1 1/4" knockouts.
- Compatible for both surface or recessed mounting applications.
- UL listed.
