Vantage
**Equinox 40**
Part No. EQ40TB-TI

Equinox 40 is a small form factor LCD keypad that provides control of scenes, shades, audio, and climate in a single-gang, 4.3" capacitive touch LCD screen. It offers a simple navigation experience and an ambient light sensor for auto day/night backlighting. Utilizing the power of Vantage Design Center software, Equinox 40 can be configured with multiple mini widget combinations and access to between 9-15 programmable lighting or scene buttons (depending on the configuration selected).

## Features & Benefits

Features a 4.3"" LCD panel with projected capacitive touch interface

Unique, mini graphical user interface aesthetically identical to other Equinox devices

Ambient light sensor for auto day/night backlighting

## Specifications
