Part No. F002321

Rough-in is fast and easy with FAS Power. Manufactured floor brackets slide under the sill plate with no vertical measuring needed. Wall brackets with pre-mounted boxes and rings quickly attach to the stud. And for fast job starts, FAS Power products are prepackaged and shipped to the requirements of the contractor. To save time in the planning process, use our online configurator.

## Features & Benefits

---

Box of 100
