

Wiremold
FIT Series Poke-Thru Device Faceplate
Part No. FPACT-ACT

Pedestal Style Poke-Thru Devices are an ideal solution for bringing large capacity power and communication services to workstations in an open space, above-grade floor environment. Every Wiremold Pedestal Poke-Thru Device comes with builtin TopGuard protection, an industry-leading design that meets and exceeds UL scrub water exclusion requirements for tile and carpet floors. Topguard protection prevents water, dirt, or debris from entering the power and communication compartments located below the floor, through the service head or floor fittings. All Wiremold Pedestal Poke-Thru Devices can be installed on tile, carpet, or wood covered floors. Each of these devices provides an excellent solution for both new or retrofit construction, with typical applications that include commercial office buildings, financial institutions, and government facilities.

Features & Benefits

Two-gang with two 6A mini adapter openings. Two adapters included. Accepts Wiremold Open System communication modules.

Specifications

General Info

Product Line	Wiremold	UPC Number	786564536550
