

Wattstopper
Low Voltage Ultrasonic Fixture Integrated Occupancy Sensor
Part No. FS-505

The FS-505 and FS-505C Low Voltage Ultrasonic Fixture Sensors control lighting based on occupancy. They are designed with a low-profile, architecturally pleasing appearance to easily integrate into a wide range of lighting fixtures or a customized housing. The sensors' modular plug-in system utilizes an RJ45 connector and 3' cord for flexibility and ease of use.

Features & Benefits

Modular plug system streamlines installation

Ideal for stairwell, wall and ceiling mount applications

Ceiling and wall mount models

Easily integrate into lighting fixtures

Ultrasonic technology for open area detection with line-of-sight obstructions
