

The acclAIM™ Alignment Independent Multifiber (AIM) fiber interconnect system is designed to mate multiples of 8-fiber trunk cable connectors directly to arrays of twin-fiber patch cord connectors by means of a “conversion adapter”

## Features & Benefits

---

### Minimize Loss – Maximize Optical Headroom

Lowest loss pre-term Solution; Minimize or eliminate need for splicing; Maximize optical headroom to overcome barriers to performance

### Design Smarter – Longer Lifecycle

Simplicity of design combined with application-defined on-site polarity adjustment, fewer components, and near-lossless performance enables acclAIM to provide a multi-generational lifecycle with a single installation of a sustainable building asset for decades to come

### Ultra-High Density Plus (UHD+)

Make the most of each rack unit (RU) with UHD+ offering up to 192 fibers per RU (33% more than High Density)

### Simplify Connectivity

No gender considerations – no pins, just direct connections; Direct-Mating Breakout – acclAIM connectors mate directly to an array of 2-fiber MDC duplex patch cords; Application-Defined Polarity – polarity can be adapted to nearly any link configuration; preplanned, on-site, or on the fly with no options to determine when ordering or designing; Improved accessibility – with the increased density of each connector and a smaller footprint enabled by acclAIM, there is more room to work on each panel

### Reduce Labor – Lower Cost

40% faster install; 60% faster removal; Single link testing after mating; Faster moves adds & changes

### Approaching Infinite Scalability

Based on the simplified design, unparalleled performance, and architecture flexibility, Infinium acclAIM has an almost limitless migration path

### Go Live Faster

Easy to stock and short lead times for conversion adapters enable rapid or emergency deployment

## Specifications

---

### General Info

---

---

Product Line	Ortronics	Color	Blue
UPC Number	662875037385	Country Of Origin	Mexico
Type	Adapter Panel		

---

#### Technical Information

---

Compatibility	Infinium HD-E Enclosure and RFPHD Panels - (4) Conversion Adapter Panels per RU	Number of Ports	24
Number of Fibers	24	Fiber Type	Single-Mode OS2
Adapter Rear	acclAIM conversion adapter	Adapter Front	MDC
