## 4 legrand ${ }^{\circ}$

radiant Collection<br>Discontinued - radiant Lighting Control for HomeKit<br>Part No. HKRL20WH

Legrand Lighting Control for HomeKit offers an easy, secure way to control lights, outlets, thermostats and more, all from your iPhone or iPad. Part of the radiant $®$ Collection, it features clean lines and smooth paddle action for a sophisticated touch. Part of the Legrand family of products fully enabled to interface with Apple HomeKit, this remote switch installs easily in place of a standard switch (neutral wire required) and works with an installed Smart Switch with HomeKit Technology to control a light from multiple on-wall locations. Plus, you can also simply ask Siri to control the lights, or use the Apple or Legrand Home apps to create scenes, group rooms and more.

## Features \& Benefits

Pairs with the radiant ${ }^{\circledR}$ Smart Switch with HomeKit Technology for multi-way control of a light or fixture.

Locator light illuminates when switch is off, emitting a soft glow to help you find it in the dark.

Easily replaces a home's standard switch, neutral wire required.

Screwless Wall Plate included. Coordinate with other designer switches and outlets available from the radiant ${ }^{\circledR}$ Collection for a cohesive, sophisticated look.
