

## Flexible Mini Pass-Through Grommet, White, 10-Pack Part No. HT1015WH10PK

The Flexible Pass-Through Grommet is an in-wall cable management solution meant for speed!

The flexible Pass-Through grommets hide low voltage cables in the wall and out of sight. Utilizing a 1.5-inch hole saw (not included), cut an opening in the ceiling or wall, run cabling and secure the mini Pass-Through grommets in under 20 min. The flexible grommet has directional ribs that create a secure friction fit with the drywall opening to prevent slippage or fall out. It supports up to four low voltage cables and is ideal for HDMI, TV cabling, IP Cameras, wireless access points, and wall-mounted speakers,
