

The InFusion Controller is one of the most powerful home automation controller's available and is the main brain of your system. With Equinox, your home will have a variety of controlled subsystems, including lighting, audio/video, security, climate control, etc. The InFusion Controller provides seamless integration of those subsystems—enhancing the entire control experience.

## Features & Benefits

The InFusion Controller is the “main brain” of the system and is capable of supporting all Vantage user interfaces, including Equinox touchscreens. The InFusion Controller provides seamless integration of subsystems including lighting, audio/video, security and climate control to enhancing the entire control experience.

## Specifications

### General Info

Application Sector	Residential	Type	Accessory
--------------------	-------------	------	-----------

### Dimensions

Product Width US	9.0 in	Product Height US	5.0 in
Product Weight US	4.95 lb	Product Length US	10.5 in

### Additional Information

RoHS Conformant	Yes
-----------------	-----
