

Wattstopper 8 outlet power strip w/Automatic-on sensor Part No. IDP-3050-A

The Isolé IDP-3050 is an energy-saving control system that provides maximum surge and noise suppression while keeping plug load equipment off when there is no occupancy. It consists of an eightoutlet power strip and a personal occupancy sensor.

## Features & Benefits

Energy-saving control system for desktop plug load equipment

Eight-outlet power strip with surge protection

Six outlets are controlled by occupancy; two outlets are uncontrolled

Personal sensor signals controlled equipment on and off based on occupancy

## Specifications
