

Category 6 Keystone jack, 8-position, 180 degree exit, icon compatible, T568A/B wiring, individually packaged. Keystone, KT2J jacks and modules feature New installer friendly lacing cap termination with free termination tool in every carton. The keystone footprint allows flexibility in installation scheduling because its rear insertion into the faceplate allows the technician to complete the termination before and during the construction process.

Features & Benefits

Snap-in design: Quick and easy installation.

Easy to follow universal wiring label: Quick and user-friendly, eliminates confusion.

Icon compatible, C6 marking on jack face: Supports 606 designation requirements.

RoHS compliant: Lead free.

Easy lace wiring cap: reduces wiring time.

Rear loading: preferred mounting for panels.

Free termination tool in each carton of 20 jacks: Convenient no extra termination tool required.
