

Legrand
Whole House Lighting Controller
Part No. LC7001

The command center for adorne's Wi-Fi Lighting Control, the Hub enables total control of your home's lights right from your smartphone or tablet, via the free Legrand Lighting Control app. Set, save and schedule over 100 lighting scenes, perfect for setting the mood at your next party or ensuring your home is well-lit when you arrive at night. Lights can be manually adjusted, or scheduled to automatically turn on and off. The Hub is sleek and compact for discreet placement, and is compatible with the Google Assistant and Amazon Alexa for additional control.

Features & Benefits

The command center of an adorne Wi-Fi Lighting Control System, the hub installs in 25 minutes or less.

Simply plug the Hub into your home's Wi-Fi network, then pair with any adorne Wi-Fi Ready switches, dimmers or outlets (sold separately) via the included, easy-to-follow instructions.

Compatible with iOS and Android devices for app-based control, simply download the free Legrand Lighting Control app.

Also compatible with Amazon Alexa and Google Home, and even integrates into advanced home automation systems.
