

Wattstopper
LC8 power supply module, 120/2 77 volts
Part No. LCPS-120/277

Legrand's LCPS-120/277 is a power supply module for the LC8 panel. The module has a voltage of 120/277 volts.

Features & Benefits

- Non-volatile program memory retains all programming during power outages
- Manual override of relays and channels via touchscreen interface
- Eight universal switch inputs for low voltage switches, occupancy sensors or other devices to directly control each relay
- Compatible with LVSW-100 Series Low Voltage Switches and AS-100 Automatic Wall Switch
- Interchangeable single-pole and double-pole relay modules
- Pilot light output for each switch input
- Accepts most types of switch inputs

Specifications

General Info

Product Line	Wattstopper	UPC Number	754182931835
Country Of Origin	China		

Dimensions

Product Width US	3.3 in	Product Weight US	6.3 oz
Product Volume US	31.12 cu in	Product Depth US	2.3 in
Product Height US	4.1 in
