

Wattstopper
LMCP panel w/48-relay max capacity
Part No. LMCP48

The LMCP series panel provides simple network capable lighting control enabling the automation of lighting functions throughout an entire facility. The HDR relays in the panel can respond directly to inputs from Digital Lighting Management (DLM) switches, occupancy sensors, daylight sensors, and input modules.

Features & Benefits

Runs scheduled and photocell events autonomously	Easy setup via LMCT-100 handheld configuration tool
HDR relays include switch for manual override even when panel is powered off	Native BACnet communications for network control solutions
Compatible with Digital Lighting Management switches, sensors and input devices	99 control groups accessible via handheld configuration tool
UL 20 listed for receptacle circuit control	Compatible with DLM occupancy sensors, single pole heavy duty relays

Specifications

General Info

Product Line	Wattstopper	Color	Nickel
UPC Number	754182934508	Country Of Origin	United States
Application Sector	Commercial		

Additional Information

Product Has Potential to Contribute to LEED	Yes	DesignLights Consortium Qualified System	Yes
Security	Yes	Product Environmental Profile	Yes
