Wattstopper
LMCP panel w/8-relay max capacity
Part No. LMCP8

The LMCP series panel provides simple network capable lighting control enabling the automation of lighting functions throughout an entire facility. The HDR relays in the panel can respond directly to inputs from Digital Lighting Management (DLM) switches, occupancy sensors, daylight sensors, and input modules.

Features & Benefits

- Runs scheduled and photocell events autonomously
- HDR relays include switch for manual override even when panel is powered off
- Compatible with Digital Lighting Management switches, sensors and input devices
- UL 20 listed for receptacle circuit control
- Easy setup via LMCT-100 handheld configuration tool
- Native BACnet communications for network control solutions
- 99 control groups accessible via handheld configuration tool
- Compatible with DLM occupancy sensors,single pole heavy duty relays

Specifications

General Info

Product Line	Wattstopper	Color	Nickel
UPC Number	754182934485	Country Of Origin	United States

Additional Information

Product Has Potential to Contribute to LEED	Yes	DesignLights Consortium Qualified System	Yes
Security	Yes	Product Environmental Profile	Yes
