

Wattstopper Dual Tech Wall Switch Occ Sensor, 1-Button, Pre-Eng ON/OFF, Lt. Almond Part No. LMDW-101-LA-ENG1

LMDW-100 Series Digital Dual Technology Wall Switch Occupancy Sensors use PIR and ultrasonic technology to detect occupancy for energy-efficient control of lighting and plug loads. They also include one or two switch buttons for manual control of selected loads, and are part of a Wattstopper Digital Lighting Management (DLM) system.

Features & Benefits

Technology Wall Switch Occupancy Sensor

1-Button Digital Dual LMDW-100 Series Digital Dual Technology Wall Switch Occupancy Sensors use PIR and ultrasonic technology to detect occupancy for energy-efficient control of lighting and plug loads. They also include one or two switch buttons for manual control of selected loads, and are part of a Wattstopper Digital Lighting Management (DLM) system.

Dual Technology sensor with On/Off button(s) to switch selected load(s)

Component of Digital Lighting Management integrated control system

Quick access to Push

personalization

n' Learn for system Digital sensor with LCD display and programming pushbuttons

IR transceiver for wireless configuration and remote control

Plug to other components using Cat 5e cables with RJ45 connectors eliminating wiring errors

Specifications

General Info

Product Line	Wattstopper	Color	Light Almond
UPC Number	754182947034	Country Of Origin	China
Features	Pre-Engraved	Number of Switches	1
Application Sector	Commercial	Standard	UL

Type

Occupancy Sensor

Technical Information				
Sensor Type	Occupancy	Number of Buttons	1	
Amperage	20 mA	Indoor/Outdoor	Indoor
