

Ortronics  
**M4 DUAL 1X16 POL SPLITTER- SC/APC CONNECTORS- 1M PIGTAILS**  
Part No. M4S1216SA091M

The M4 Dual 1x16 POL Splitter is a point to multipoint cassette designed to split 2 single SC connectors to 32 SC connectors over a Passive Optical LAN (POL) that provides the capability to securely deliver voice, data, and IP/broadband video. A POL is an alternative to a traditional Ethernet LAN and is widely accepted as an ideal replacement of old copper networks. A POL allows you to optimize your resources with a simple, space saving installation and provides benefits such as cost reductions, greater efficiencies, scalability and a clear upgrade path. -

## Features & Benefits

Energy Efficiency: A POL uses unpowered optical components	Cost Reduction: A POL requires less power, cooling, and maintenance
Versatile Installation: Splitter cassette loads into front of enclosure tray drawer face or mounting bracket	Future Proof Infrastructure: Scalable and has a clear upgrade path

## Specifications

### General Info

Product Line	Ortronics	UPC Number	662875014041
Country Of Origin	United States	Application Sector	Commercial
Standard	TIA-568-C.3	Warranty Type	5-Year
Type	Splitter		

### Dimensions

Product Width US	4.24 in	Product Length US	1.0 m
------------------	---------	-------------------	-------

### Additional Information

RoHS Compliant	Yes
----------------	-----

### Technical Information

---

Compatibility
