

Clarity 110 patch cords are ETL verified to Category 6 and 5e component standards. More importantly, Clarity 110 plugs utilize an internal signal feedback technique to control cross talk without compromising impedance. Clarity 110 to modular 8 position patch cords utilize both signal feedback and center tuning. This allows more transparent connector interfaces for significant elevation of channel performance that can be field measured.

## Features & Benefits

Verified to TIA component specifications to ensure component performance

Internal signal feedback of the 110 plug design controls noise contributors

Center tuned Paralign™ 2 modular plug design controls the plug for a transparent mated union

Assembled with premium cordage for performance, reliability, and long life

Factory tested for performance to ensure consistent reliability

## Specifications

### General Info

Product Line	Ortronics	UPC Number	662875455387
Country Of Origin	Mexico	Application Sector	Commercial/Industrial

### Additional Information

RoHS Conformant	Yes
-----------------	-----
