

The Mighty Mo 20 Heavy Duty Security Door offers a lockable, dual hinged door, designed to secure open racks in data rooms and colocation facilities. The Mighty Mo 20 open frame rack easily adapts with upper and lower door supports to provide for a conversion of a single rack or an entire row of racks. The doors assist in making the Mighty Mo 20 even MORE data center ready by enclosing the electronics as well as protecting and securing data connections. NOTE: Available in Black or White. Frame, mounting brackets and perforated doors sold separately.

Features & Benefits

Smooth pin hinge design	180° hinge allows for full access without removing the door
Dual locking handles	Rugged, fully welded steel door
Extended top waterfall for increased cable capacity	Easy to install on existing frames
Limit access to equipment in open racks	Create secure vertical manager interface when the door is locked
Field retrofit to any existing Mighty Mo 20 frame	Front and rear options for complete security
Creates a clean look by concealing electronics and cabling
