

Ortronics

MM20 Narrow End Panel - for MM20730 channel and MM20730FXD 4-Post racks behind a MM20VMD710 or wider manager - Black
Part No. MM20EPN730-B

The end panel is used to finish the end of a row of Mighty Mo racks when a vertical manager is mounted at the end of the row. It mounts directly behind the manager concealing cables in the rack frame. The narrow end panel requires the use of an end panel support bracket to stabilize the rear of the end panel.

Features & Benefits

Used to finish the end of a row of Mighty Mo 20 racks: Gives your installation a clean and professional look while concealing cables in rack channel. Mounts flush with the surface of 10", 12" and 16" vertical cable management cages: Gives additional support to vertical management cages.

Mounting hardware included: The use of an end panel support kit is required to stabilize the rear of the panel
