

This convenient kit includes everything you need for 3-zones of multi-room audio with the performance of the Nuvo P3100 and the added convenience of control with the P10 keypads. The Player Portfolio NVKP31001xx kit is comprised of (1) NVP3100NA Professional Series Amplifier, (3) NVP10xx POE Keypads, (1) On-Q DA2401 Four Port POE Injector, and (3) single gang RWP26 radiant® Wall Plates. Providing 40 watts of power per zone, this player brings music to three rooms of your home. Your music selection is limitless thanks to built-in access to internet radio as well as a network connection to your personal music collection. To play music in more rooms pair with the P100, P200, or P3500.

## Features & Benefits

Connect any storage device to the USB port and play its music through your Nuvo system

High-performance amplifier operates coolly and saves energy while minimizing distortion

Internet Radio streaming directly to your Nuvo System

Group all of your zones to play in Party Mode and have all zones play the same music in sync

In a single, rack-mountable unit, the P3100 provides three players, for three individual amplified zones

Quickly access music from your PC or Mac and play it anywhere in your home
