Features & Benefits

All your favorite music is right at your fingertips with easy access to networked computers, streaming Internet Radio, and even audio content stored on any Android or iOS device

Connect any Bluetooth device wirelessly, using the loss-less aptXTM Bluetooth feature, so you can stream any audio from your personal device directly to your home Nuvo system in high definition

Connects wirelessly or via Ethernet to the home network for seamless integration into Nuvo Player Portfolio systems

Includes 802.11n wireless capability and utilizes both 2.4 GHz and 5 GHz frequency bands for fast signals and broad coverage

Your music anytime, anywhere, with quick access to music from your PC or Mac

Compatible with Legrand's other Nuvo Player Portfolio products for a truly custom, easily expandable system (up to sixteen zones)

Connect to storage devices, analog equipment, or home theater receivers through the unit's audio line-in, line-out, or USB ports

High-fidelity audio is delivered to every area of your home, and kept perfectly synchronized

Spotify, Pandora, iHeart Radio, Tunein, Rhapsody, and SiriusXM are all at your fingertips with Internet Radio streaming directly to your Nuvo System
