

The Nuvo P30 Touch Screen (NV-P30-BK) is a seven inch Android tablet designed for convenient, complete, in-wall control of the Player Portfolio System. The P30 runs the Player Portfolio app and Spotify for seamless and unified control of your home audio allowing access to your favorite streaming services or music stored on networked devices. Connecting is simple, with a single RJ45 802.11af PoE cable. While the Player Portfolio app offers aesthetic handheld control, providing an in-wall option allows fixed location control - especially convenient for muting or lowering volume quickly when there's a knock at the door, or allowing immediate access to preset source favorites without locating a phone or tablet. Check out the Player Portfolio mobile app.

Features & Benefits

Convenient, complete, in-wall control of the Nuvo Player Portfolio system.

Runs the Player Portfolio app for seamless control of your home audio, including streaming services and music stored on networked devices.

Sleek, high contrast seven inch 1024 x 600 IPS capacitive touch screen.

Connects simply with a single RJ45 802.11af PoE cable.

Specifications

General Info

UPC Number	701963860006
Countries Of Origin	China
Product Line	Nuvo
Application Sector	Residential
Standard	FCC, CFR Title 47 Part 15, Subpart B, ICES-003, CISPR13, 55020 C-TICK, AS/NZS CISPR13, RoHS

Additional Information

Product Environmental Profile	Yes
-------------------------------	-----

Technical Information

Wattage	12.95 W
Consist of	HA7000 Intuity Automation Control Module, HA7040 Intuity Z-Wave Bridge, PW1013 Intuity Power Distribution Module, PW7760 12 VDC 20W Power Supply
Control	HA7000 Intuity Automation Control Module, iOS, Android, or web devices
Monitor	Includes LCD touch screen
Environmental Conditions	70 (relative humidity, non-condensing)
