

Easily expand a system using a Nuvo Wireless Subwoofer Receiver. Up to four receivers can be connected to one transmitter. If you need to add one or more subwoofers after installing one with the NVSUBTXRXxx kit, the NVSUBRXxx additional receiver makes it easy to do. The convenient USB jack on Nuvo subwoofers can power the wireless receiver with the supplied USB power cable or you can use the included power adapter. With a range of up to 50 feet, simple set up, placement flexibility and reliable connectivity, the NVSUBRXxx add-on receiver might just be easier than pulling a wire.

Features & Benefits

Automatic frequency-hopping if interference is detected

Convenient power via USB when used with Nuvo powered subwoofers

This receiver allows the easy addition of more Nuvo powered subwoofers to a wireless NVSUBTXRXxx kit

Two year warranty

Up to three NVSUBRXxx receivers can be added to the NVSUBTXRXxx kit for a total of four Nuvo powered subwoofers in one room

Wireless connection allows freedom of placement choice for the best sound
