

Cablofil  
4A-0461-ZN CABLE BRIDGE AL 9"W  
Part No. P081971

"The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray."

## Features & Benefits

Strong and easy to install aluminum construction

## Specifications

### General Info

Product Line	Cablofil	Finish	Aluminum
--------------	----------	--------	----------

Country Of Origin	Mexico
-------------------	--------

### Dimensions

Product Width US	10.75 in	Product Weight US	2.59 lb
------------------	----------	-------------------	---------

Product Volume US	0.342 cu ft	Product Depth US	20.0 in
-------------------	-------------	------------------	---------

Product Height US	2.75 in
-------------------	---------
