

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Splices joints of abutting divider strips.

Vinyl edge strip is also available in bulk lengths.

Specifications

General Info

Product Line	Cablofil	Finish	Other
UPC Number	800388250697	Country Of Origin	Mexico
Application Sector	Commercial, Industrial	Type	Splicing

Dimensions

Product Width US	0.188 in	Product Weight US	0.02 lb
Product Depth US	5.0 in	Product Height US	0.563 in

Trade Programs

BAA	Yes
