

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

## Features & Benefits

---

Sign Measures 8"x12"

## Specifications

---

### General Info

---

Product Line	Cablofil	Finish	Plastic
UPC Number	800388518261	Country Of Origin	Mexico
Application Sector	Commercial, Industrial	Type	Accessories

---

### Dimensions

---

Product Width US	12.0 in	Product Weight US	0.001 lb
Product Volume US	0.014 cu ft	Product Depth US	0.25 in
Product Height US	8.0 in		

---

### Trade Programs

---

BAA	Yes
-----	-----
