

Cablofil
Zinc-Plated Expansion Guide Clamp w/Zinc-Plated Hdwe (10/BAG)
Part No. P087769

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Designed for use with all trays.

Specifications

General Info

| | | | |
|--------------------|------------------------|-------------------|--------------------------|
| Product Line | Cablofil | Finish | Electro-Galvanized Steel |
| UPC Number | 800388046153 | Country Of Origin | Mexico |
| Application Sector | Commercial, Industrial | Type | Accessories |
