

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Splices joints of abutting divider strips.

Vinyl edge strip is also available in bulk lengths.

Specifications

General Info

Product Line	Cablofil	Finish	Stainless 316
UPC Number	800388253636	Country Of Origin	Mexico

Dimensions

Product Width US	0.75 in	Product Weight US	0.201 lb
Product Volume US	0.001 cu ft	Product Depth US	1.609 in
Product Height US	1.346 in		

Buy American Act Compliance
