

Cablofil
Horizontal Expanding Tee
Part No. P305569

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum Alloy 6063 and 5052

Finish: Plain

Bottom: LD: 1" wide rung

Construction: Welded

Tray Design: Tray construction and

Connectors: All fittings are supplied with

Fitting Heights (H): 4", 5", 6", 7"

Specifications
